London

In my opinion, London is the most beautiful city in the UK. There is the Windsor palace and the Queen Elizabeth, there is also Big Ben... Let's go to London!

The means of transport

The most famous means of transport is the Double Decker bus. The bus has got two floors and is one of the symbols of London. It is usually red; 81 people can get into it, incredible!

Another popular means of transport is the taxi. Taxis are known all over the world because they are in the movies. London taxis are black and they have got a yellow writing that says: TAXI! Their name comes from “taxamètre”, in Latin “taxa”, tax and “mètron”, measure.

The London Eye

The London Eye is a Ferris wheel, it is 135 meters high. It can hold 800 people, the London Eye is the largest Ferris wheel in the world.

The Windsor palace

The Windsor palace is the residence of the British royal family. It has got 951 rooms and 225 are bedrooms. Windsor Palace is the favourite residence of queen Elizabeth.

The Big Ben

The Big Ben is the bell of the great clock of Westminster, on the Clock Tower. The tower has got the name of the bell and it is 96 meters high, but its real name is Magnus Beneaminus.

The Tower Bridge

Tower Bridge is the London drawbridge located on the Thames. It is 244 meters long and it is a London symbol.
